**Re: Item No. 5 on SPC meeting 19th November 2019 – Report on Recreation & Amenity
Needs Study 2019**

Dear Member,

We commenced a review of the Recreation & Amenity Needs Study in 2019.

Galway City Council Development Plan 2017 – 2023 states the following

The City Council's Recreation and Amenity Needs Study (RANS) 2008 provides a coordinated framework for future planning and management of recreation facilities and activities within the city, based on current and projected future needs. The findings of the study have informed the policies and objectives of this Development Plan with regard to recreation and amenity. The strategic policies and key actions of the RANS which possess an integral land-use dimension have been amalgamated into the policies and specific objectives of the plan.

The Recreation & Amenity Needs Study 2008 is available on Galway City Council's website, (see links below).

I am attaching a copy of the Report for your information.

Yours sincerely,

Mr. Dermot Mahon
Acting Director of Services
Housing, Environment & Climate Change
Recreation & Amenity
