# Guidance for Applicants

## Background

In July 2019, the Department of Rural and Community Development published a National Social Enterprise Policy for Ireland.

The Social Enterprise Capital Grants Scheme 2021 is one initiative being taken by the Department of Rural and Community Development under the Policy to support social enterprises and is complementary to other supports provided by the Department.

It is anticipated that the small scale nature of the grants under this scheme will particularly benefit smaller or start-up social enterprises which do not necessarily have the capacity to compete for larger grants, but which nonetheless have a need for upgraded/additional equipment to help them to deliver their services.

The scheme is being administered on behalf of the Department of Rural and Community Development by the network of Local Community Development Committees (LCDCs) across the country.

The deadline for receipt of online applications is Friday, 15<sup>th</sup> October 2021 at 4pm.

## Eligible Organisations

Only social enterprises, as defined in the National Social Enterprise Policy (see below), may apply under this scheme. All applicants will be checked and verified to ensure they meet the definition. Applicants who do not meet this definition will not be considered.

A Social Enterprise is an enterprise whose objective is to achieve a social, societal or environmental impact, rather than maximising profit for its owners or shareholders.

It pursues its objectives by trading on an ongoing basis through the provision of goods and/or services, and by reinvesting surpluses into achieving social objectives.

It is governed in a fully accountable and transparent manner and is independent of the public sector. If dissolved, it should transfer its assets to another organisation with a similar mission.

## Funding Allocation

Amounts approved to social enterprises will be subject to the total number of applications approved and the overall budget available (€1 million).

## Eligible Costs

Under this scheme, grants will be provided to social enterprises towards small scale capital costs. Capital costs incurred by social enterprises for the purchase of equipment are eligible. Repairs and refurbishment of existing facilities can also be funded.

The scheme does not provide funding for operating costs (e.g. the employment of staff, electricity costs, heating costs, etc.) or administrative costs.

Only expenditure incurred after the date of grant approval will be eligible.

The grant may cover all, or part of, the purchase or works in question. However, the full cost of the purchase or works must be provided on the Application Form.

## Assessment Criteria

Applicants will be required to confirm that their organisation meets the definition of a social enterprise as set out in the National Policy. Applicants will be asked to explain the purpose for which the grant is sought. Factors such as demonstratable need and the potential impact of the grant on service delivery will also be taken into account.

## Applications

All applications will be reviewed by the LCDCs to verify that the applicant meets the definition of a social enterprise as set out in the National Social Enterprise Policy for Ireland. Final decisions on funding approvals will be made by the Department of Rural and Community Development.

Applicants will be notified of the outcome via the relevant LCDC in November 2021. Successful applicants will have until mid March 2022 to draw down the grant, based on evidence of completed purchases or works.
